Location: Mumbai

Profile Snapshot:

Technology Architect (.NET) at Atrina Technologies, offering 5.3+ years of expertise in Healthcare, FMCG, and Fintech domains. Proven track record in designing and implementing innovative solutions, ensuring seamless integration of cutting-edge technologies for optimized business outcomes.

Career Objective:

To leverage my engineering expertise in a challenging and globally competitive environment, contributing to organizational growth while continually enhancing my skills and dedication for mutual success

Professional Experience:

- **Atrina Technologies**

Technology Architect - Oct 2018 to present.

Role Brief: Technology Architecture & .NET Development

Customer : Trata E-System Pvt Ltd (10/2018 - 01/2019)

1. Domain : Healthcare
2. Designation : JR .NET Developer
3. Role : Developing Rest APIs in .NET MVC 5, Developing MVC Web Panel

Customer : Marico Ltd (01/2019 - 12/2020)

1. Domain : FMCG
2. Designation : SR .NET Developer
3. Role : Developing Rest APIs in .NET MVC 5, Asp .NET, Vb .NET & Manage OWASP Web Security for Critical Projects

Customer : Hector Beverages (01/2021 - 04/2021)

1. Domain : FMCG
2. Designation : SR .NET Developer
3. Role : Developing Rest APIs in .NET MVC Core

Customer : Marico Ltd (04/2021 - 04/2022)

1. Domain : FMCG
2. Designation : SR .NET Developer & Team lead (5 Members)
3. Role : System Design (API and Database Architecture), Developing Rest APIs in .NET MVC Core , Developing Angular Panel, System Security

Customer : 1 Finance (04/2022 - Present)

1. Domain : Fintech
2. Designation : Technology Architect (.NET) & Team Lead (15 Members)
3. Role : System Design (API and Database Architecture), Impact Analysis, 3rd Party Integrations, System Security, Documentations, Team Management, Code Review, Release Process and System Process Management

Responsibilities:

- Conduct thorough impact analyses for both new modules and updates to old versions, ensuring a seamless integration process.
- Spearhead the design of robust database and API structures to enhance system efficiency and scalability.
- Provide critical development support to the team, fostering collaborative efforts and ensuring high-quality code standards through meticulous code reviews and versioning maintenance.
- Lead the initiation of proof-of-concept (POC) projects for 3rd party integrations, and meticulously document the integration process for future reference.
- Efficiently manage the end-to-end support, development, and release processes, optimizing workflow and ensuring the successful deployment of software solutions.

Achievements:

- Customer Success Excellence - 2020 (appreciated by customer for delivering project successfully)
- Business Saviour Excellence - 2020 (For Project Success and Good Architecture Design)
- Star of the Month (Nov 2020 & Jan 2021) (1. GraphQL API Integration 2. TDD Architecture Setup)
- Critical Project Supportive Role (Yearly Awards - March 2022, March 2023) (for supporting critical projects)
- 3 Miles Down Service Award (for completion of 3 years in Organization)

Skills Profile:

- Framework : .NET Core
- Design Patterns : MVC, Singleton, Factory
- Architectural Pattern : Monolithic , Micro service
- Database : MSSql, Postgresql, mysql
- API : GraphQL API, Rest API
- System Design Approaches : Code First, Model First, Database First
- Security : identityserver4, Owasp Security
- Schedulers : Hangfire
- Code Management / Version Control : Git, TFS
- Documentation : Impact Analysis, Release checklist, System Process Note, Technical Architecture
- Other : EFCore, Query Optimizations, Strong Logical Understanding
- Tools: Visual Studio, VS Code, Azure, MSSQL, Data grip, Git kraken, Git bash, ERPNext, Discord, Postman, Notion, Whimsical, draw.io
- Frontend : HTML, CSS
- Tech Languages : C#, Javascript / Typescript

Strong Points:

- Designed and Developed 2 Projects from scratch
- Designed and Developed / Migrated 3 projects from [Vb.NET](#) / [Asp.NET](#) to .NET Core
- Designed Database Architecture for all above projects
- Worked on Key Projects of Marico (FMCG), Hector Beverages (FMCG) and 1 Finance (Fintech)
- Managing / Leading / Mentoring 14 Members of team
- Part of the Atrina's Core Team Members Committee
- Strong Logical Mindset and Part of the Product / L&D / Product Analysis Team

Certifications:

- .NET Basics - Dot Net Fundamentals Certification
- Database - SQL Advanced Certification of Hacker rank
- Javascript - Proficiency in JavaScript Technology

Education Qualification:

- B.E. (Computer Science)
 - University : Mumbai (MCT's Rajiv Gandhi Institute of Technology, Mumbai Versova)
- Diploma (Computer Science)
 - University : MSBTE (Govt. Poly Vikramgad, Palghar)
- H.S.C.
 - University : Maharashtra State Board (Lilavati Junior College)
- S.S.C.
 - University : Maharashtra State Board (Maharashtra Vidyalaya)

Declaration:

I do hereby confirm that all the above information provided are true and best to my knowledge and belief.
